

- The Climate Justice Candle(CJC) was brought to St. Conleth's parish, Newbridge on the 6th of October due to the initiative of Holy Family Lay Members, and its courier was warmly welcomed by members of the Parish Centre Staff.
- Later, on the same day the CJC was brought to St. Conleth's Church, where prayers were offered during the next week using resources that accompanied the candle.
- The Candle was then taken to Cill Mhuire in the parish, and a prayer service was held on one evening, highlighting the initiative of an Interfaith Group known as Eco Congregation Ireland and praying for those most affected by climate change.
- On the 8th of November the Candle was hosted by the Amadeus Group in the Parish Centre
- Finally, on Thursday the 10th November it was taken to Holy Family Convent, Naas Rd; where the Community gathered in prayer to remember all those especially those in the poorest countries who suffer most from climate change (due to the greed and search for power among the rich) where remembered.
